## CAMPUS RESOURCES AT CHRISTENDOM COLLEGE

This card is a tool for you to access the resources available to you as a Christendom student. Remember, nothing can replace the support that comes from asking for help in person. We as a college encourage you to speak to a professor, chaplain, or staff member if you're struggling or in a difficult situation.

Student Life staff and RAs are trained to provide you with the support you need to pursue the liberal arts and grow in holiness. We look forward to serving you on campus this year.

## REPORTING SEXUAL MISCONDUCT

Students can report sexual harassment, assault, or misconduct to the Sexual Misconduct Response Coordinator. Any Christendom faculty or staff member can assist you with making a report to the SMRC. Faculty and staff are not mandated to report sexual misconduct if they are made aware of it, but they may choose to do so at their discretion. If students are not ready or are unsure if they want to make a report, they can still discuss the incident with a faculty or staff member or the SMRC.

### Off-Campus Confidential Support

The Laurel Center's 24-hour hotline (540-305-1083) can connect you with confidential, off-campus resources. The Laurel Center provides resources to victims of domestic abuse and sexual assault, including legal advocacy, accompaniment to the hospital for an exam, and support groups.

### Off-Campus Medical Support

After someone experiences sexual assault, having a trained-nurse examination can be an important step to recovery. Nurses are sensitive to a victim's needs, can provide medical attention, and ensure proper collection of forensic evidence. In our area, forensic exams can only be performed at Winchester Medical Center. Forensic exams are free and do not automatically result in a report to police. Student Life will provide transportation upon request.

Christendom encourages students to report cases of sexual misconduct, but we understand that each person responds and reacts to sexual misconduct in their own way. Some students may prefer to access the support services found in this booklet and not file an official report with the college or law enforcement. Whenever possible, the college supports the decision of all adult students in how they respond to sexual misconduct. The Christendom sexual misconduct policy and complaint resolution procedure can be found in Section IV of the Student Handbook or online at [www.christendom.edu/handbook](http://www.christendom.edu/handbook).
